

Looking for a Professional Corporate Trivia Challenge?

With over 20 years experience in Corporate Entertainment,

(both touring their acclaimed Magic & Illusion show, with Timothy's Corporate MC work and dynamic Creative Thinking Keynote),

their involvement in MIAA, NSAA and presentations for the Institute of Management,

Timothy Hyde & The Amazing Lynda understand the elements needed for a successful event.

When you book an Achieving the Impossible **Corporate Trivia Challenge** you know exactly what you are getting and who you'll be working with.

They specialise in Corporate Events and don't subcontract the event to other presenters.

If Timothy & Lynda can't personally do the job, they don't take the booking!

Each event is customised!

A briefing will determine the demographics of your group, how competitive you want it and any special features, like questions about your company or industry!

High quality sound cues, comedy segments from Timothy's incredible Mind Magic Show and their **"Professional Approach"**, will ensure you can relax, enjoy yourself and look after your guests.

Corporate Entertainment should be trouble free, professionally run, memorable, involve everybody and serve equally well as -

Interactive ice-breaking event,
Team building exercise
Client function

Some recent clients!

"Excellent! Timothy followed the brief but added his own special touches. Very professional and ensured a great evening was had by all.

Would recommend them!"

ANZ Funds Management

"You made me and the company look good and I especially liked the touch of using the Company Logo!

Your combination of Magic, Wit & Fun, combined with excellent sound cues and "just right" questions really livened up the atmosphere and got people talking, laughing and interacting very well.

Congratulations on a slick and professional, personalised show."

George Weston Foods (Tip Top)

"I highly recommend Corporate Trivia Challenge to any company wanting to ensure a successful trivia event.

Timothy and Lynda ran a very professional, high energy evening for us.

What really impressed me was that they listened to what our objectives were for the event, understood our requirements, and delivered. The team had lots of fun, and our expectations for the evening were exceeded.

We will happily use them again, and are pleased to recommend them to others."

"On behalf of Apple Computer, I would like to thank you and Lynda for a wonderful Trivia Night.

It was not easy with a group of 140 males and only 15 females to be successful and fun for all. You managed to do this with ease.

Thanks for a very enjoyable, fun and rewarding evening'
